

Philosophy

Activity Sheet

1. **Choose 3 questions** from the list below and write a considered response to each one. You should be aiming for one side of A4 for each and should be using online sources to inspire and support your thinking.

Is there a 'you' that's separate to your body?

Are my senses or my reasoning better tools to understand the world?

Does anything last forever?

To what extent is it likely we continue to exist after death?

Is there meaning and purpose in the universe?

2. Watch the film **'iRobot'** and write at least one side of A4 on what it means to be human and whether a highly advanced robot is the same or can be made the same as a human being.

3. Watch the first **'Matrix'** film and write at least one side of A4 explaining what the matrix is and how we exist within it. Then challenge yourself to think about whether or not we will ever know that we live in the matrix. Try to keep your answer to a maximum of 250 words (this is a good skill to learn for A Level).

Thank you in advance for all your hard work and I look forward to hearing your responses!
