

## Shedding Light on Plant Cell Biology

Read the article from *Biological Sciences Review Magazine (Sept 2012 Vol 25 No 1)* and answer the following questions

1. Give 4 roles of plants (P6 column 2)
2. What is the difference between Golgi Stacks and Golgi Bodies? (P7, para 1)
3. What do many proteins carry and why? (P7 para 2)
4. Which is the most important model plant and why? (P7 para 3)
5. Where are GFPs normally found, and how do plant cell biologists use them? (P8 para 3)
6. Give two important impacts of Plant Cell research (P9 column 2)

At the top of P.9 there are three listed websites. Visit one (or all 3 !?) and write a summary paragraph of one item that captures your interest.
