

Yr 12 Summer Work

Performing

Performance

Make sure you don't neglect your playing during this break. If you are having online lessons with your teacher, then that will obviously keep you going. If you are not, I suggest you do at least some of the tasks below to keep yourself in practice.

- polish up a piece you are already working on and video it. You could then share it with your friends and family. I will be asking you to perform 5 minutes of music early in Year 12. This could be one longer piece or two shorter pieces.
- resurrect an older piece that you really enjoyed. You will be able to play it better now you are a bit more advanced. Listen to some performances of the piece on Apple Music/Spotify/YouTube. What do you like about these performances? Is there anything you can incorporate.
- look at the graded lists for the level at which you are currently playing. Listen to the pieces and choose one to learn from scratch. You can use recorded performances to help you learn the piece and decide how to play it.
