1 Rationale:

As a school we feel it important that all staff, both teaching and non-teaching, are inducted into the whole school team. Such induction must begin as soon as possible after staff have been appointed. We encourage the philosophy of a whole school approach to the life and work of the school. It is important that new staff are welcomed into the whole school team, helped to establish their role and position within that team and enabled to grow and develop as individuals as well as team members. It is vital that new staff are given every assistance in settling into school quickly and happily and are helped to gain a knowledge and understanding of the philosophy and ethos of the school, the routines and practices that take place and the way in which the whole school works. In addition to the induction offered to all new staff, Pate’s Grammar School is also strongly committed to offering additional support to Early Career Teachers at this key point in their professional careers, as detailed in this policy.

2 Aims and Objectives of ECT Induction at Pate's:

- Run an ECT induction programme that meets all of the statutory requirements underpinned by the Early Career Framework (ECF)
- Provide ECTs with a supportive environment that develops them and equips them with the tools to be effective and successful teachers
- Make sure all staff understand their role in the ECT induction programme
- Help ECTs build upon the knowledge, skills and understanding developed in initial teacher training
- Make ECTs feel welcome and at ease in their new environment.
- Ensure the effectiveness and efficiency of ECTs and give meaning to school documentation
- Enable ECTs to understand the philosophy and ethos of the school and observe good practice so that it can be reflected in their own work
- To recognise that the appointment of an ECT is a serious responsibility and that appropriate funding will be given to support the ECT

3 Scope:

This policy applies to all ECTs who have started, but not completed, their induction period.

4 Legislation and statutory guidance:

This policy is based on:

- The Department for Education's (DfE's) statutory guidance [Induction for early career teachers \(England\)](#) from 1 September 2021
- The [Early career framework reforms](#)
- [The Education \(Induction Arrangements for School Teachers\) \(England\) Regulations 2012](#)

The 'relevant standards' referred to below are the [Teachers' Standards](#).

This policy complies with our funding agreement and articles of association.

5 The ECT induction programme

The induction programme will be underpinned by the ECF, enabling ECTs to understand and apply the knowledge and skills set out in the ECF. Pate's Grammar School will use a provider-led programme, with UCL as the Lead Provider and Balcarras and Odyssey Teaching School Hubs as the Delivery Partner.

Prior to the ECT serving their induction, the headteacher and appropriate body must agree that the post is suitable.

For a full-time ECT, the induction period will typically last for 2 academic years. Part-time ECTs will serve a full-time equivalent – or this may be shortened, if appropriate, in

conjunction with the Appropriate Body (Balcarras Teaching School Hub). Up to one term of continuous employment may count towards completion of the induction period.

6 Posts for induction

Each ECT will:

- Be provided with the necessary employment tasks, experience and support to enable them to demonstrate satisfactory performance against the relevant standards throughout, and by the end of, the induction period
- Have an appointed induction tutor, who will have qualified teacher status (QTS)
- Have an appointed induction mentor, who will have QTS
- Have a reduced timetable to allow them to undertake activities in their induction programme; in their first year, this will be no more than 90% of the timetable of our existing teachers on the main pay range, and in their second year, this will be no more than 95% of the timetable of our existing teachers on the main pay range
- Regularly teach the same class or classes
- Take part in similar planning, teaching and assessment processes to other teachers working in similar posts
- Not be given additional non-teaching responsibilities without appropriate preparation and support
- Not have unreasonable demands made upon them
- Not normally teach outside the age range and/or subjects they have been employed to teach

7 Support for ECTs

We support ECTs with:

- Their designated induction tutor, who will provide day-to-day monitoring and support, and coordinate their assessments
- Their designated induction mentor, who will provide regular structured mentoring sessions using the materials from the UCL programme
- Observations of their teaching at regular intervals, and follow-up discussions with prompt and constructive feedback
- Regular professional reviews of their progress, to take place termly (except in terms where formal assessment is held), at which their induction tutor will review objectives and revise them in relation to the relevant standards and their current needs and strengths
- Chances to observe experienced teachers, either within the school or at another school with effective practice

8 Assessments of ECT performance

Formal assessment meetings will take place in the final term of the ECT's first year (term 3) and the final term of their second year (term 6), and will be carried out by the ECT induction tutor.

These meetings will be informed by clear and transparent evidence gathered from progress reviews during the preceding assessment period, and drawn from the ECT's work as a teacher and from their induction programme. Copies of the evidence relied on will be provided to the ECT and the appropriate body.

After each formal assessment meeting, a formal assessment report will be completed that clearly shows how the ECT is performing against the relevant standards. Following the final assessment report the headteacher will recommend to the appropriate body whether the ECT's performance is satisfactory against the Teachers' Standards.

The ECT will add their own comments, and the formal assessment report will be signed by the headteacher, induction tutor and the ECT.

A copy of the formal assessment report will then be sent to the appropriate body. The final assessment report will be sent within 10 working days of the meeting, for the appropriate body to make the final decision on whether the ECT has passed their induction period.

In the event that the ECT leaves this post after completing one term or more but before the next formal assessment would take place, the induction tutor or headteacher will complete an interim assessment to ensure that the ECT's progress and performance since the last assessment is captured.

9 At-risk procedures

If it becomes clear during a termly progress review or at the first formal assessment point that the ECT is not making sufficient progress, additional monitoring and support measures will be put in place immediately, meaning:

- Areas in which improvement is needed are identified
- Appropriate objectives are set to guide the ECT towards satisfactory performance against the relevant standards
- An effective support programme is put in place to help the ECT improve their performance

The progress review record or formal assessment report will be shared with the appropriate body, alongside the support plan, for it to review.

If there are concerns about the ECT's progress during their subsequent progress reviews or formal assessment, as long as it is not the final formal assessment, the induction tutor or headteacher will discuss this with the ECT, updating objectives as necessary and revising the support plan for the next assessment period.
