

PATE'S GRAMMAR SCHOOL TRANSPORT PROVIDERS 2023-2024

All buses that operate routes into Pate's are run by independent companies. Parents need to make their own arrangements to transport their child to and from school. It is the responsibility of parents to ensure the suitability, safety and sustainability of bus services.

The transport providers and routes listed below are those currently travelling into and out of Pate's. These routes have been set up by parents to meet the needs of their local community. Contracts are arranged by parents directly with providers, and the school is unable to get involved in these transactions. We are able to put parents into contact with each other, but cannot promote individual routes. Pate's has no jurisdiction over transport providers, routes, timings, costs or continuity of service. Please note that routes cannot be guaranteed, and are reviewed annually by providers, dependant on pricing and demand.

After-school travel information: All school buses pick up at the end of the school day. To support families travelling home from afterschool clubs, sports fixtures and evening events we aim to help parents contact each other to arrange possible travel shares. As part of our admissions process parents are asked if they are happy to share contact details with other parents within the group to help with transport, particularly in connection with extra-curricular activities that take place after school and at weekend.

New bus routes: The school is not involved in organising new bus routes. If you wish to look at a new route you may wish to approach one of the current providers or another provider to discuss options. If parents are looking to gauge interest in a proposed new route – that is not already covered - then we are happy to advertise such information, via our weekly Events and Notices update, published to all our parents, by email, to help put interested parties in touch with each other. Please contact us via office@patesgs.org.

The following information is correct at the time of publishing, and is also available on our website. Please email office@patesgs.org if you have any questions about school transport.
